Thanks, Andy.

Do you mind reminding everyone at the outset of the meeting that there will be no sharing or disclosure of proprietary or confidential business information (CBI). FYI for you, while we have folks from American Chemistry Council, Calgon, and Georgia Pacific attending the meeting as a courtesy, the meeting is primarily between EPA and the RSPC (of which 3M is a member and to which Jonathan and I are consultants).

Thanks.

Andrew, Tom, Chris, and March,

While my flights have been changed, 3M's Jim Kotsmith and Brian Mader are in flight and expect to be on or close to schedule. Please proceed with the meeting as scheduled and I'll arrive as soon as travel permits. FYI, I will be in the air from 12:35pm (ET) until 2:09pm (ET) (Dayton).

Also, is there a dial-in number for me to use once I land until my arrival?

If you have any questions, I can be reached on my cell at: Personal Matters / Ex. 6

Thanks.

Thanks for the update. We are going through a significant ice storm here. I expect anyone flying in today will be delayed or cancelled.

I hope everyone travels safely.
